

ANNUAL OVERVIEW

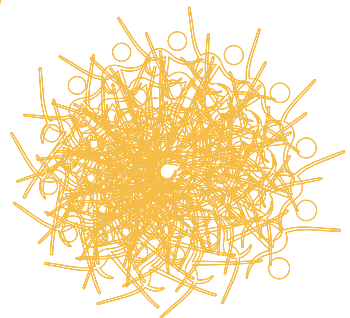

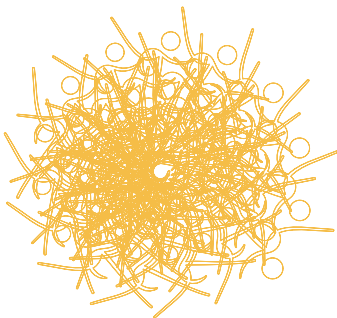

2020

The Ovie Brume Foundation is a youth-focused organisation, providing free educational, social and recreational programmes and activities for under-served children from low income homes.

Our vision is a society where everyone is educated and empowered. We create safe spaces where young people are provided with opportunities to gain skills and knowledge that will help them become the best versions of themselves.

CHAIRPERSON'S STATEMENT

EVELYN OPUTU

COVID-19 has brought with it disruptions and opportunities that have enabled us to step back and review how we work and more importantly how we support our target beneficiaries, young Nigerians from low-income backgrounds in Lagos and Delta States.

The team at our youth centre are focused on meeting the children's basic needs, which were further exasperated during the lockdown. A weekly feeding programme was established to ensure no child goes to bed without a hot meal. Our teachers provided home-based support learning, including virtual classes via WhatsApp. The centre's alumni an ever-growing group of young professionals at home and abroad are connected to our work and have shown tremendous support to the youth centre's activities.

The Board of Directors has also approved a leaner structure, with a re-focus

on activities that meet the immediate needs of our youths. Project No Excuses, one of our flagship projects has a dedicated team working to recruit more sponsors but more importantly closely monitoring every child's progress.

We have taken steps to further secure the financial sustainability of the Foundation, through strategic partnerships, smart investments, and a diverse funding matrix.

There is no doubt that the pandemic has further exposed the challenges we already knew existed amongst children from low-income backgrounds. However, we are very well positioned to continue to support our target beneficiaries.

I would like to take this opportunity to thank all our friends, donors, and partners as we contribute to support the Nigerian youth to meet their potentials.
